

crown'pin | crown'claw

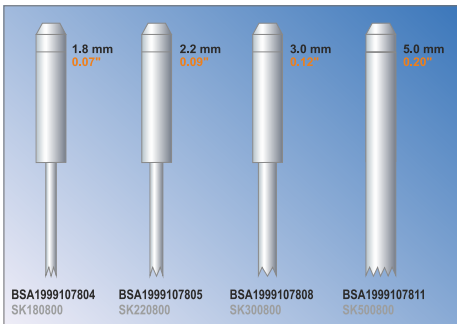

Quality matters!

original crown'pins | crown'claws for best stripping results

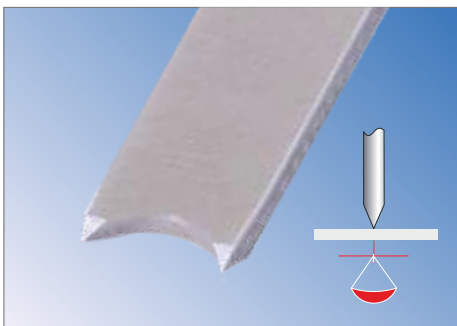

crown'pin

- multiply sharp points with best stripping guarantee
- marginal influence of nicks
- the waste will be fixed in place and balanced
- up to 4 different diameter
- all points of each crown'pin are hardened
- perfect for cardboard, hardboard and corrugated board
- consistent stripping quality even with large runs

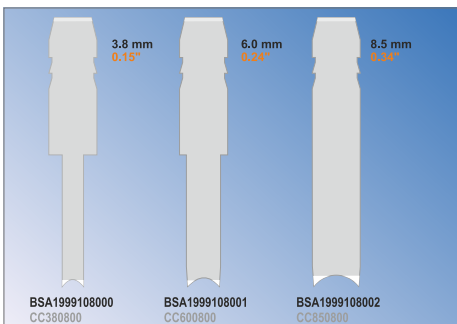

quality comparison

	BOXPLAN	plagiarism #1	plagiarism #2
hardened points	+++	---	---
sharpness of points	+++	---	--
durability	+++	--	-
efficiency	+++	-	-/+

crown'claw

- two sharp points with best stripping guarantee
- harder than most cutting steel rules
- special designed points for best waste fixing
- up to 3 different widths
- all points of each crown'claw are especially hard
- perfect for cardboard, hardboard and corrugated board
- consistent stripping quality even with large runs
